

Town Hall Response

Dear JWU-UAW,

We share your desire for a productive and transparent dialogue about the merits of unionization at JPL.

We do not believe a Town Hall between JPL leadership and union supporters is the best way to meet these goals, therefore we are declining your request. Our reasoning can be found at www.jplbeinformed.com/townhallrequest.

We have received many questions on jplbeinformed.com and will answer as many as possible on the website. We feel this is the best way to encourage a productive and transparent dialogue about this important topic.

Sincerely,

Roger
